Strategic Planning Steering Committee,

Upon review of feedback in a variety of forms from a broad range of campus and local communities and individuals, the Task Force for Increasing Student Success and Academic Excellence provides the following recommendations for inclusion in the Strategic Plan.

It is clear that Humboldt State University is doing many things well to ensure success and academic excellence for our students, but areas for improvement became evident through the feedback the Task Force received over the course of its work. We hope that we have adequately captured the feedback in our recommendations to the Strategic Planning Steering Committee.

Implementation of the recommendations is key to Humboldt State University’s future success and as members of the Task Force, we look forward to seeing, and participating in, the progress that will take place over the next five years.

Thank you for the opportunity to serve on this Task Force and for placing your trust in the faculty, students, staff, and administrators that devoted countless hours to this process.

Sincerely,

Task Force for Increasing Student Success and Academic Excellence
